EXAMINER'S AMENDMENT AND COMMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Atty. Lisa Haile on 3/16/06.

The application has been amended as follows:

IN THE CLAIMS:

9. (Currently amended) The method of claim 1, wherein the autologous bone marrow aspirate ~~composition~~ further comprises Monocyte Chemoattractant Protein 1 (MCP-1) or Vascular Endothelial Growth Factor (VEGF).

It is further noted that a provisional obviousness double patenting rejection over claim 1 of co-pending application 10/776,545 would have been made in this case in the next office action. Since the copending claim recites the same method, except for the recitation that the autologous bone marrow aspirate is administered as a "composition", the claim is obvious over the instant claim 1, since the administration of any compound to a subject is normally made using a "composition", i.e. a pharmaceutically acceptable form which may include such known components as buffers, saline, etc. Since this would have been the only

remaining rejection in this application, the examiner would have withdrawn that rejection in this application and permitted this application to issue as a patent, see MPEP 804. The examiner of application 10/776,545 will make the obviousness double patenting rejection as a "provisional" obviousness double patenting rejection, which will be converted into a double patenting rejection when the instant application issues as a patent.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nancy T. Vogel whose telephone number is (571) 272-0780. The examiner can normally be reached on 6:30 - 3:00, Monday - Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Irem Yucel, Ph.D. can be reached on (571) 272-0781. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
